

VIA DEGLI DEI - PATH ADJUSTMENTS

Variations required due to landslides – Updates on 02/8/2023.

All the following indications refer to the official map of the path that we recommend using during the walk. Setting off with all the correct information is the first step to a satisfying journey.

From Bologna go up to the Madonna di San Luca, after the Basilica continue the road regularly and after about 500 meters you reach the path of Bregoli that descends to Parco Talon (Casalecchio di Reno).

In the lower part, however, the path is affected by some landslides, so **it is not accessible**.

After a few hundreds of meters on the left there is the path **CAI 900** which is to be taken following new indications and signs that have been placed. This will lead you to the Parco Talon.

(marked in BLUE on the official map image1).

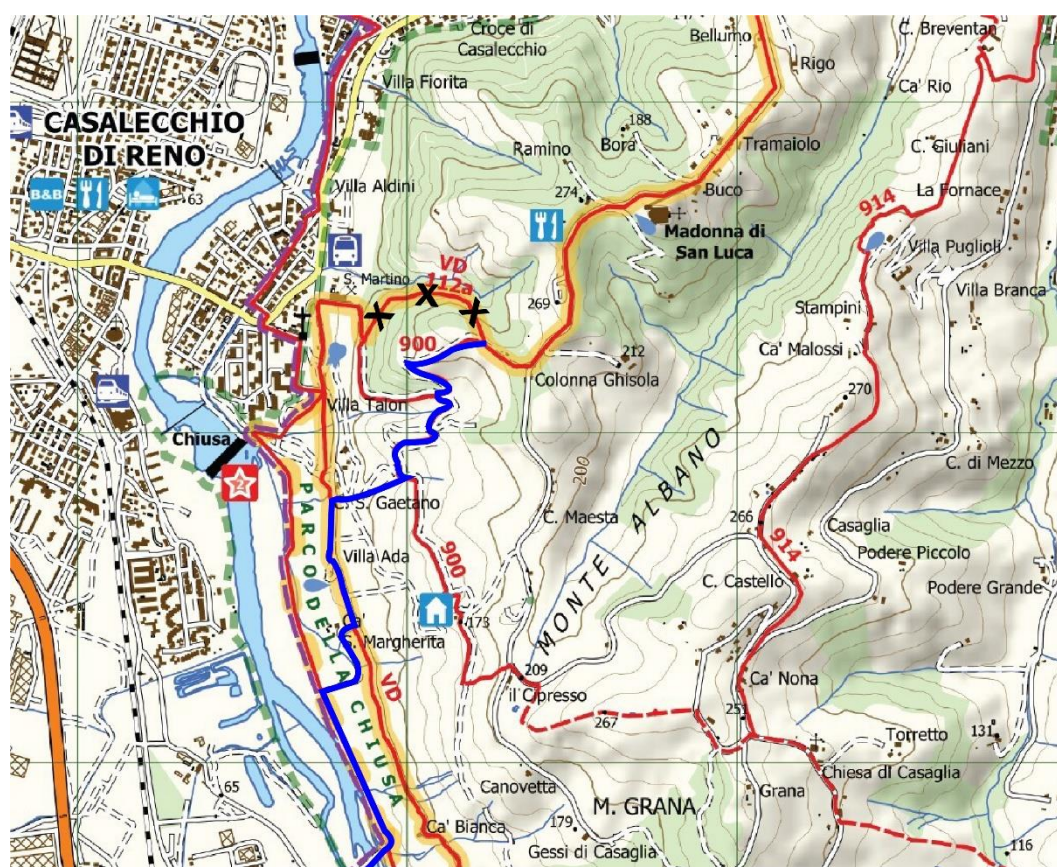

Image 1 - Bregoli variant - CAI path 900 Parco Talon

Track GPX 1 (CAI900-Bregoli) – for those equipped with gps readers.

Due to a landslide, the main road 59 is closed and the bus from Monterumirici to Monzuno is currently not available.

From here on there are no other difficulties or variations that have been reported in order to reach Florence.
